**The AAUW Del Mar-Leucadia Branch invites you to our virtual
September 2021 Branch Meeting & Program**

Topic: “Equity in Education”

Date: Saturday, September 11, 2021

Time: 10:00 am

Members, no registration needed. The Zoom link will be sent to you prior to the meeting.

Guests, please RSVP to membership@aauwdml.org to receive the Zoom link.

**AAUW Del Mar-Leucadia is delighted to have two educators for its inaugural
September Zoom Program.**

Dr. Wendy Stewart, Dean of Counseling and Student Development at MiraCosta College, has worked in the field of education for over 25 years. She will be sharing how MiraCosta is addressing equity issues on campus and particularly in the field of STEM education for both women and students of color, both of whom are underrepresented in STEM fields.

Sara Sandoval, M.A., is the coordinator for FIRST2STEM program at Cal State San Marcos, where she works with underrepresented minority STEM majors. The objectives of the program are to support students going through the math pathway to calculus, provide community, and offer opportunities to learn about scientific research on campus.

These local educational leaders will kick off AAUW Del Mar-Leucadia’s year of action supporting the theme: **Equity-the Path Forward.**

NEW Social time at the start of every monthly meeting

This year we plan to have a half-hour social time at the start of each monthly branch meeting.
The Zoom room will open at 10:00 for a 30-minute social/chat time followed by the program at 10:30.

Message from the Co-Presidents

Sallie Piccorillo and Pat Moran

As we begin a new year for our branch, we are still not out of the woods with COVID-19 and its variants. We thought we would be meeting in-person within the AAUW new year. For the remainder of this calendar year, we will still meet via Zoom.

At the end of last year, the board created a Tech position to include Zoom and Drop Box. Teresa Kapphahn is the creator and administrator for both. Drop Box access is restricted to Board members and contains all the Board reports, including the new Branch Archive Folder. Teresa is eager to help facilitate members with either Zoom or Drop Box issues.

We will have **one fundraiser this fiscal year**. It will be the Year-End fundraiser in which we will donate funds to the branch and to AAUW National's Greatest Needs Fund (9110). The funds will be distributed to the following:

- National AAUW-Fund (9110)
- Local College Scholarships
- Speech Trek
- Tech Trek
- General Fund
- AAUW-CA Projects

This year the Board is emphasizing the AAUW mission statement and how our branch implements it.

AAUW's mission: To advance gender equity for women and girls through research, education, and advocacy. <http://www.aauw.org>

AAUW California's mission: AAUW California facilitates California branches in meeting the vision and mission of AAUW by providing programs, education, and resources. <http://www.aauw-ca.org>

AAUW-DML Branch mission: The purpose of AAUW is to promote equity for all women and girls through advocacy, education, philanthropy, and research. <https://delmarleucadia-ca.aauw.net/>

The board invites you to join them in their enthusiasm about our forthcoming year. I am personally looking forward to meeting more members and hearing about their ideas for the branch.

Sallie Seymour Piccorillo, Co-President

As we adapt to the changed circumstances of our Covid-19 world, know that our AAUW mission continues to move forward. You are an integral part of that mission. I invite you to consider ways that you can share that mission with women who may not know about AAUW. Spend some time exploring our website. There are many opportunities to connect. Try something new. Know that your participation matters. By sharing your talents, you can make a difference. Let's help change the world.... together.

Pat Moran, Co-President

AAUW DML Branch Theme 2021-2022 - Equity The Path Forward

Norelynn Pion-Goureau

How Does the Program Planning Committee select and develop a new logo and theme? It's the result of committee brainstorming, informed by what issues AAUW California and National announce. This year Equality, Diversity and Inclusion were topmost topics, which is a logical consequence of our attempt to change the University requirements for our members. Our Program team liked these ideas and specified that we wanted the term "**equity**" **not equality**, because they are not the same thing, and justice means achieving equity, not equality. Member Patricia Khalifa suggested the theme. We referred to the famous graphic of the kids standing on boxes at the fence in our discussion and chose the theme of it being a **path forward**.

The path couldn't have flowers and be pretty because it was going to be uphill, winding, and long, so our President Sallie and Sharon, our Marketing Board member, offered graphics, but it was a graphic Norelynn and Bobbi worked on, particularly Bobbi, that finally captured the team's concept - an arrow moving forward like a path, with a dynamic, forward impetus. We love it and hope our members do, too. We used the same brainstorming and consensus process to decide on what topics we wanted to address in our programs to develop and inform members about equity issues locally; these were decided on quickly in a very fruitful meeting. Our collaborative efforts resulted in a branding theme and graphic and our path forward in program planning!

Congratulations to our Member Awardees

Branch Named Gift Honoree - Karen Vanderwerken

- Every year our branch supports AAUW's mission by donating to the National AAUW Fund's Greatest Needs Fund (9110). This fund allows AAUW the flexibility to respond rapidly to new and emerging challenges facing women and girls and to utilize the donations where they are needed most.
- This fund also ensures the strength, relevance, and viability of AAUW into the future. We thank all members for their support of mission driven AAUW programs.
- Every year we have the privilege of nominating one of our members who has dedicated her efforts in supporting the mission of AAUW.
- This year we honor Karen Vanderwerken as the Named Gift Honoree for her dedicated service as Chair of our branch's AAUW Fund for 4 years up to June 2020.

Shape the Future Honoree - Nancy Lombardi Kohrs

"I appreciate the excellent friends I've made over the years. Our organization's ideas have inspired and drawn me closer to people and even generated support groups. As a school counselor I saw what young girls needed and AAUW has kept me active in issues close to women and girls."

- Our Shape the Future Award acknowledges a member who has made outstanding contributions to AAUW and to our Branch.
- Our recipient has:
 - been an AAUW member for 40 years
 - served as President 3 times
 - been a past Named Gift Awardee
 - been awarded The California State Legislature Award for Teen Advocacy for her idea to put health care clinics on high school campuses throughout California. The main purpose was to educate students about birth control during a time of skyrocketing teen pregnancies. It was also AAUW's focus that year.
- Currently Nancy serves as Parliamentarian and is on the Program Planning Committee for this year and next.
- She's group leader for Fun, Food, and Friends; Chair of Novel Lovers Morning book group; and a member of Great Decisions.
- This year we honor Nancy Lombardi Kohrs as our Shape the Future Awardee for her outstanding contributions to AAUW and our Branch.

AAUW FUND

Michele McNeil

What is AAUW Fund and why should we support it? Many branch members are not cognizant of the importance of AAUW National. Think about it without AAUW National, our State and Branch would not exist! It is my responsibility as AAUW Fund Chair to help you understand the vital relationship between AAUW programs and donor funding.

We will have one fundraiser this fiscal year. It will be the Year-End fundraiser in which we will donate funds to the branch and to AAUW National's Greatest Needs Fund (9110). The funds will be distributed to the following:

- National AAUW-Fund (9110)
- Local College Scholarships
- Speech Trek
- Tech Trek
- General Fund
- AAUW-CA Projects

Your donations have made a tremendous impact! Fellowships and grants were awarded to more than 260 women and community projects in 2021. In the 2021-22 academic year, AAUW awarded nearly \$5M in fellowships and grants! In our state of California, there were 37 Fellows/Grant recipients this year. If you are interested in meeting them, there will be 3 events via Zoom on October 23rd, October 30th, and November 6th, 10:00 am. to 12:00.

Let us support AAUW's mission by donating. You can contribute to AAUW Greatest Needs Fund (9110) as an unrestricted designation, or if you prefer donating to specific funds, there are other restricted funds such as the Education and Training Fund (4450), Economic Security Fund (4449), or Leadership Fund (4452). **Note:** Our branch receives credit for donations made by our members online by including their AAUW Member ID number.

AAUW Public Policy

Norelynn Pion-Goureau

As you know Team USA's biggest Olympic winners were women, winning an historic 60% of all U.S. medals. Even national newspapers made mention of Title IX in their articles attributing such remarkable achievements. Thanks to AAUW's activism, today's triumphant athletes grew up in schools where girls and boys were guaranteed equitable federal funding to pursue their Olympic dreams.

Now we need your help to preserve Title IX's important legacy, which extends far beyond sports. Last year, and more significantly under Betsy de Vos, drastic rollbacks erased vital protections against sexual harassment and discrimination in schools. Your support is needed also to help push Congress to pass the critical Gender Equity in Education Act (GEEA) of 2021, which would provide more resources to ensure schools comply with the law and authorize competitive grants to educational entities to support gender equity. As we approach the 50th birthday of Title IX next year, we need to ensure its benefits for generations of women to come.

"Working women all over the U.S. deserve protection when they have children. We shouldn't have to rely on companies to do the right thing. Our families depend on it." —Allyson Felix, 11-time Olympic medalist in track and field. But the work is not done. As women continue to bear a disproportionate burden of the ongoing health and economic crises, we must keep up the pressure to demand bold, responsive measures. Tell Congress to ensure all workers have access to paid leave, child care and other critical infrastructure supports by including them in the final budget. Go on your **Five Calls app** on your cell phone and hit the second button: Support Working Families with Paid Parental Leave, and make the three calls to Dianne Feinstein, Alex Padilla and Mike Levin.

Remember, the app connects you directly to their office, gives you a script to use if you're uncomfortable with the facts, and counts your contact, couldn't be easier!

Sad COVID Facts. Twenty-one percent of Latinas lost jobs in the early days of the pandemic, and only 16% of Latinas have the can work from home. Over a 40-year career, Black women lose nearly a million dollars on average compared to white men. A supplement to AAUW's **Simple Truth** report examines how decades of systemic racism—including discriminatory employment practices, inadequate legal protection, and persistent stereotypes—have contributed to a gender pay gap that remains far wider for women of color than for white women. As we marked Black Women's Equal Pay Day on August 3, the analysis provides excellent insight on the challenges Black women face in the fight for equity. Consider that:

- Over a 40-year career, Black women lose almost \$1 million to the wage gap.
- Despite providing essential services during COVID-19, Black women are paid less than their white counterparts.
- It takes the typical Black woman 19 months to be paid what the average white man takes home in 12 months.

Tech Trek 2021-2022

Lorraine Pfahl, Rebecca Hill

A special thank you to our Donors, almost exclusively members of our Branch like you. Your contributions made it possible to select these outstanding local girls (some of whom have never been to any camp previously) and send them to camp.

Twenty-five local middle school girls participated in AAUW's virtual Tech Trek 2021 science camp thanks to scholarships from the Del Mar-Leucadia Branch of the American Association of University Women. The week-long program seeks to engage girls in fun projects that emphasize technical skills, to encourage them to pursue coursework and careers in STEM fields – science, technology, engineering, and math.

Through an AAUW partnership with Qualcomm, each girl at this year's camp created a Wearable Tech Invention – a robotic hat that represented their strengths, interests, and values, as well as the sustainable goal selected by their teams, ranging from clean water to gender equality. The girls used coding, servos, and circuits to activate flashing lights and moving figures on their hats. They were coached and mentored by women in STEM fields as well as older girls who attended Tech Trek in past years. Evening sessions provided interaction with women working in a variety of STEM fields.

At the end of camp, the girls created videos to demonstrate and explain their creations, including their challenges and what they enjoyed. Many noted that they had no experience with coding, circuitry, and the wiring of components before Tech Trek. One girl pointed out that the circuits and breadboard wired inside her hat might appear a little messy, but *"That's just science. Sometimes it can be messy."* Other comments from the girls: *"The thing I enjoyed most was getting to learn all the circuits and coding and getting to use my creativity to create something awesome."* *"The thing I enjoyed... was just the struggles and overcoming them and in the end being so happy with my hat."* And *"I wasn't into STEM before this camp, and I've learned so much that now I'll keep at it!"*

Campers are recommended by their math and science teachers and are required to submit applications and essays. Final selection of the campers is done by the AAUW branch. Branch Tech Trek Director Lorraine Pfahl noted that, "One advantage of this year's virtual format is that we could send more girls than in past years, as well as girls selected in 2020 whose camp was cancelled because of Covid." The branch keeps in touch with Tech Trek alumni and is currently working with older girls to establish a Tech Trek Alumni Group (TTAG) to continue the learning and camaraderie of previous Tech Trek campers sponsored by the branch. Nayeli Yanez and Sydney Rhine were 2018 Tech Trekkers from San Diegueno Middle School and are the students leading the process.

Nayeli and Sydney spoke at the May 8th Meeting and outlined their goals for TTAG:

- Build a network of like-minded STEM friends who become Colleagues
- Volunteer and work in future TT Camps
- Help Plan & Organize STEM and Social Events for the members

Can you Help?

Some activities we would like to incorporate into our Tech Trek Alumni Group are:

- Tours of local STEM Businesses - Virtual and/or Personal
- Hands-on Activities and talks from specialists in STEM fields e.g. medical, marine biology, engineering etc. These would be 1.5 hours/half/one day weekend events.

If you know anyone who could help with these or other types of activities, we'd love to speak with you.

Membership - Outstanding Membership Renewals

Karen Dorney

Congratulations and thank you to all our 2021-2022 renewed members!

This summer we successfully renewed almost everyone. The exceptions were women who were no longer living in our area or not participating in our Special Interest Groups. We started with 86 members in August, 2020 and currently have 86 paid members.

A review of new members who had joined in the last few years revealed most came from a referral from an existing member. Referrals are our best source for new members. Therefore, **please share the benefits of belonging to our Branch and invite a friend to your next special interest group meeting and our monthly meetings** featuring an excellent and timely speaker.

Jess Gadsby is now working on our 2021-2022 Membership Directory. If you'd like to submit a new photo, please email it to Jess Gadsby at jessg1121@sbcglobal.net. Please send any corrections about your contact formation to Jess Gadsby or me now. Karen Dorney 858-481-8411 or Jess Gadsby 760-715-7357. You can contact Karen Dorney at membership@aauwdml.org

Special Interest Groups Meeting Now

Become a part of one or more of these fun and informative groups - invite a friend!

Simply Delicious: We've changed our format a bit to adjust to an even more casual gathering. Groups of up to 8 (couples and singles) meet monthly from October to June in members' homes. The host/ess chooses a main dish and other participants bring coordinating side dishes of their choice. (i.e., No pre-planned menus.) The focus is on enjoying each other's company.
Contact Joanna Schwend jwschwend@yahoo.com to join us or with questions.

Our Branch in the News

Bobbi Karnes

Articles were published about our Speech Trek finalist reaching the state finals and then placing 2nd in the state. Kudos for Sharon Corbett-Parry for starting our Speech Trek program and for our star contestant Halle Schaffer who was chosen as one of three state finalists and then was chosen as 2nd in the state! That success led to much publicity for our contestant and our branch as 6 articles were published in the newspapers.
